*Meeting Minutes
11 August 2020
Zoom Meeting*

Kellie thanked everyone for their grace and patience as we work through the season. We are all planners and it is difficult working under the COVID19 “I don’t know” plan.

Pres. Kellie Slaughter opened the meeting at 7:06pm via Zoom.

The following was discussed:

Executive Board Report

- Minutes from 5/12/20 were unanimously approved as published.
- Normal booster meeting to begin in September. This meeting was called special to propose a new budget due to COVID19.

Director’s Report—Thank you for your continued flexibility as the program has faced huge challenges with COVID19 protocols. There were many obstacles, revisions and changes to make band camp a success. Sectionals were beneficial, everyone rolled with the punches and it was a raging success. School protocols are constantly being re-evaluated. Performance opportunities will look different this year. The goal is to provide students with experiences similar to what they have paid and signed up for with band. Please be patient as we work through the digital platform and sort through e-mails. We will catch up with the students to address any challenges they experienced.
